SKILLS

Flutter (Intermediate) → UI, Provider, API, routing, Hive, Firebase

Languages → C, C++ (Proficient) | Java, HTML, CSS, JS,TS (Intermediate)

Tools → Git/GitHub, VS Code, Android Studio, Firebase

Language

- Bangla (Fluent)
- English (Fluent)

INTRODUCTION

I'm a Computer Science & Engineering student with a passion for technology and problem-solving. I specialize in data entry, programming, and web development, and I enjoy delivering accurate, efficient, and reliable work to help clients achieve their goals.

PROJECTS

1. Chat Application

Developed a real-time chat application using Socket Programming that allows multiple users to send and receive messages instantly. The project demonstrates network communication, client-server architecture, and practical programming skills.
Github: https://github.com/matrika21428/Chat-Application

2. To Do List

Developed a To-Do List application using Flutter that allows users to add, edit, and delete tasks seamlessly. The app features a clean and intuitive mobile UI, efficient state management, and local data storage, demonstrating my ability to build functional, user-friendly, and maintainable mobile applications.
